

THE TRY IT ON FUNDRAISERS TIPS & TOOLS GUIDE

All you need to know about being the best TRY IT ON fundraiser you can be.

Asking for donations

The easiest way to raise funds for the Weet-Bix TRYathlon Foundation is to ask as many people as you can and always have your fundraising page handy for them.

Some great ways to ask for donations are below, along with tips on what you could say or write to help you tell your story once you have decided whether to host an event, do chores, sell something or simply ask for donations.

Face-to-face

Always have your link handy to pass on so people can do it with you or later when they get time.

Via an email

Explain a little more about what it is you are doing and how much the donation amounts make a difference.

Facebook and Instagram

Share your link to friends and family asking for donations and when you receive one, share this too and encourage others to donate (with parents' permission and guidance).

It doesn’t hurt to ask more than once, as people tend to be busy and often forget. Another top tip is to also ask your donors to tell their friends and family to visit your fundraising page link too.

Another sure-fire way to increase your donations is to host a fundraising event. When deciding what sort of fundraising event to host, you can be creative as you like.

Here are some ideas to help you have fun raising money for the Weet-Bix TRYathlon Foundation

- Mow lawns for your neighbours
- Wash your car or your neighbour’s car
- Complete your chores at home in exchange for your parents making a donation
- Give something up for a day – such as gaming or talking! Just make sure you let everyone know
- Sell any pre-loved toys that you no longer want
- Host an event, like a movie or trivia night

Any of these events can be paid for via the fundraising page, your donor can simply tell you in their message what it is for.
